DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer, and the titles of all official publications of which the printing was ordered as from September 1, 1927, and which are distributed free, with the name of the Department from which distribution is made. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired and the name of the Department from which it is issued. Applications for a document marked free should be made to the Department named as issuing the same.

Prepayment of all charges is required where official publications are ordered, and remittances should be made to the King's Printer, Ottawa, by postal money order, express order or accepted cheque. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

F. A. ACLAND,
King's Printer.

OTTAWA, April, 1928.

STATUTES OF CANADA

R.S.C. 1927

Following is a complete List of the Separate Chapters constituting the Revised Statutes of Canada, 1927, issued collectively in five volumes at the price of \$10 net, legally effective on and from February 1, 1928, and obtainable in the form of separate chapters at the prices hereunder indicated.

A

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer, and the titles of all official publications of which the printing was ordered as from September 1, 1927, and which are distributed free, with the name of the Department from which distribution is made. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired and the name of the Department from which it is issued. Applications for a document marked free should be made to the Department named as issuing the same.

Prepayment of all charges is required where official publications are ordered, and remittances should be made to the King's Printer, Ottawa, by postal money order, express order or accepted cheque. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

F. A. ACLAND,
King's Printer.

OTTAWA, April, 1929.

STATUTES OF CANADA

R.S.C. 1927

Following is a complete List of the Separate Chapters constituting the Revised Statutes of Canada, 1927, issued collectively in five volumes at the price of \$10 net, legally effective on and from February 1, 1928, and obtainable in the form of separate chapters at the prices hereunder indicated.

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer, and the titles of all official publications of which the printing was ordered as from September 1, 1927, and which are distributed free, with the name of the Department from which distribution is made. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired and the name of the Department from which it is issued. Applications for a document marked free should be made to the Department named as issuing the same.

Prepayment of all charges is required where official publications are ordered, and remittances should be made to the King's Printer, Ottawa, by postal money order, express order or accepted cheque. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

OTTAWA, May, 1930.

F. A. ACLAND,
King's Printer.

NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.

Estimates (Main), 1932.

Manufacturing Industries of Canada, 1927.

Postal Guide, 1931, paper edition.

umber, Laths and Shingles, 1926-27.

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer, and the titles of all official publications of which the printing was ordered as from September 1, 1927, and which are distributed free, with the name of the Department from which distribution is made. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired and the name of the Department from which it is issued. Applications for a document marked free should be made to the Department named as issuing the same.

Prepayment of all charges is required where official publications are ordered, and remittances should be made to the King's Printer, Ottawa, by postal money order, express order or accepted cheque. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

OTTAWA, May, 1931.

F. A. ACLAND,
King's Printer.

NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.

Periodicals	19
Annual Departmental Reports.....	21
Miscellaneous Publications	30

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer, and the titles of all official publications of which the printing was ordered as from September 1, 1927, and which are distributed free, with the name of the Department from which distribution is made. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired and the name of the Department from which it is issued. Applications for a document marked free should be made to the Department named as issuing the same.

Prepayment of all charges is required where official publications are ordered, and remittances should be made to the King's Printer, Ottawa, by postal money order, express order or accepted cheque. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

OTTAWA, 1932.

F. A. ACLAND,
King's Printer.

NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.

PARLIAMENT AND GOVERNMENT
OF CANADA

JULY, 1933

OTTAWA
J. O. PATENAUDE, ACTING KING'S PRINTER
1933

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents, are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired.

Prepayment of all charges is required where official publications are ordered, and remittances should be made to the King's Printer, Ottawa, by postal money order, express order or accepted cheque. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

J. O. PATENAUDE,

Acting King's Printer.

OTTAWA, 1933.

NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.

OTTAWA
J. O. PATENAUDE
PRINTER TO THE KING'S MOST EXCELLENT MAJESTY
1934

DEPARTMENT OF PUBLIC PRINTING AND STATIONERY

This Catalogue contains the titles and selling prices of all official publications of which copies can be purchased from the King's Printer. The title is usually of a descriptive character indicating the nature of the contents and cross references are frequently made.

Communications received from the public indicate a widespread view that statutes, blue-books and other public documents, are distributed free of charge from this Department, and it is desirable to correct this impression. In the case of certain publications a limited distribution is made by the King's Printer from lists supplied by the Department for which the document is printed. In certain cases, the Statutes of Canada, for instance, free distribution is regulated by Order in Council. Intending purchasers should be careful to give if possible the exact title of the publication desired.

Prepayment of all charges is required where official publications are ordered, and remittances by postal money order, express order or accepted cheque, should be made payable to the Receiver General for Canada and addressed to the King's Printer, Ottawa. The use of currency for this purpose is contrary to the advice of the postal authorities and entails a measure of risk. Postage stamps and foreign money will not be accepted.

No extra charge is made for postage on documents forwarded to points in Canada and the United States, but cost of postage is added to the selling price when documents are mailed to other countries.

Catalogues are published annually, with supplements monthly or as required.

J. O. PATENAUDE,
King's Printer.

OTTAWA, 1934.

NOTICE

Persons interested in being informed on publications printed may, upon request, have their names placed on the list to receive the Supplements which are issued from time to time.
